NPIC/IPD-414/66
29 December 1966

MEMORANDUM FOR: Assistant for Technical Development, NPIC
SUBJECT: Staff Study for Color Film/Print Dryer Study
REFERENCE: NPIC/TDS/D/6-1733, dated 22 December 1966

1. IPD takes exception to the Study in that a need for equipment to increase the color processing rate has not been documented. With the de-emphasizing of color as a reconnaissance medium, it is difficult to justify in my mind this contract. A less ambitious study of the problem would possibly have more impact on color processing at this time.

2. The Study and proposal as projected is not acceptable to IPD.
